ABOUT US

Timeless is a Rhode Island-based band performing hits from the 1950s to today. Established in 2016 as a teen band, Timeless has spent years honing its sound.

Founding members Cross Pistocco, Nicolas Williams, and Ja-Mere Pina have been joined by various players over the years, with David Rausch coming aboard in 2019 by responding to a flyer posted at Rhode Island College. In the summer of 2022, the band was playing at Venda on Federal Hill, when a parking attendant heard them and decided to write his contact information on a parking stub and pass it to the band. Soon thereafter that parking attendant, Daniel Gibson, became Timeless' lead guitarist.

Timeless provides a fun and energetic atmosphere in venues small and large with music you can sing and dance along to. The band is available for various events, including restaurants, bars, parties, weddings, events, and everything in between.
